The organizing committee is pleased to announce The Eighth International Conference on Steel and Aluminium Structures (ICSAS) 2016 to be held in Hong Kong, a dynamic metropolitan with thriving construction industry.

Introduction
Seven ICSAS Conferences have been successfully held in Cardiff, UK (1987), Singapore (1991), Istanbul, Turkey (1995), Helsinki, Finland (1999), Sydney, Australia (2003), Oxford, UK (2007) and Kuching, Malaysia (2011). The conference aims at bringing international experts and leaders together to disseminate recent research findings in the fields of steel and aluminium structures. It will also provide a forum for the discussion of the developments in the design and construction of steel and aluminium structures.

Who Should Attend
Steel and aluminium structure designers and manufacturers, trade associations, design engineers, steel fabricators, architects, owners or developers of steel and aluminium structures, researchers, academics and post-graduate students.

Key Dates
Abstract Submission November 30, 2015
Acceptance of Abstract January 15, 2016
Full Paper Submission April 15, 2016
Acceptance of Full Paper August 15, 2016
Conference December 7–9, 2016
Call for Papers
Prospective authors are invited to submit abstracts before November 30, 2015, on the topics as follows (but not limited to):
- Analysis and Design of:
  - Structural Steel
  - Stainless Steel
  - Aluminium Alloy
- Architectural Uses
- Cold-formed Steel Structures
- Composite Structures
- Computational Modelling and Analysis
- Connection Behaviour
- Earthquake and Seismic Analysis
- Fire Engineering
- Material Properties and Structural Reliability
- Plates and Shell Structures
- Scaffoldings and Racks
- Specification and Standard Developments
- Sustainable Development
- Tubular Structures

Abstracts should be submitted electronically via the conference website: www.civil.hku.hk/ICSAS2016

Exhibition
Booths will be organised for exhibitors during the Conference, allowing companies and associations an excellent opportunity for marketing and promotion.

For exhibition information contact:
Prof. Ben Young
Department of Civil Engineering
The University of Hong Kong
Email: young@hku.hk

Prizes
Three papers will be selected for the following awards:
- Best Steel Structures Paper Award
- Best Aluminium Structures Paper Award
- Best Composite Structures Paper Award

Organised by
Department of Civil Engineering
The University of Hong Kong
