

Completion and Handover Ceremony of Mingde Jundi Teacher Dormitory

30th September – 2nd October 2017

**Chu Chun Hing
BEng(CivE) III**

Completion and Handover Ceremony of Mingde Jundi Teacher Dormitory was successfully held on 1st October, 2017. A teacher dormitory is situated at the Daping Primary School of the Daping Village of Guangxi Province. The Daping Village is a dong village with altitude of 1149 metres. The project is donated by Joseph Wong Design Associates (JWDASM) and Shanghai Huxiang Woolen Dressing Co.,Ltd. The dormitory is a three-storey building with 10 flats. The project aims to provide accommodations for teachers due to the inconvenient location of the school.

We are pleased to have Primary School Principal Yao, Primary School Principal Chiu, Secretary Luk of Party Committee, Managing Director Hu, Professor Francis Au of Project Mingde to be our honourable guests. Our guests and student representative of Project Mingde, Mr. Leo Poon first delivered speeches to the project. In the meantime, civil engineering students facilitated the procedures of the ceremony. Medical and other students conducted interviews to local villagers about health knowledge. Local villagers and primary students then performed traditional music and dancing to express greetings and sincere thanks to everyone who contributed to this project. The commemorative plaque was unveiled by our guests of honour in the end of the ceremony. We, Project Mingde, would like to express our gratitude to Joseph Wong Design Associates (JWDASM) and Shanghai Huxiang Woolen Dressing Co.,Ltd for generous donation and giving civil engineering student a valuable experience in participating this project. Moreover, we are thankful to Rongshui Love Seedling Community Service Centre for the trip arrangement.

After the handover ceremony, Professor George Tham and Ms. Anila Ma led a group of students to Tengchuen Bridge for site visit. Multiple causes of bridge failure and site environment were discussed. Meanwhile, Professor Francis Au, Dr. Ryan Wong and Dr. Ivan Lau led the rest of students to Chaoyang Bridge for an introduction of history and structure of the bridge.

Improving education in the underprivileged localities of China is always one of our missions in Project Mingde. By applying our engineering knowledge, we have created a better educating environment to students and teachers in the Daping Primary School. Wish the primary students could have great success and contribute the society in the future.

Student Participants

Chan Chun Hong - BEng(CivE) IV

Chan Chau Wong - BEng(CivE) IV

Shum Pui Ying - BEng(CivE) IV

Ng Ka Wing - BEng(CivE) III

Chu Chun Hing - BEng (CivE) III

Chung Sze Ho - BEng(CivE) III

Cheng Chun Lam - BEng(CivE) II

Ng Chi Ho Glory - BEng (CivE) II

Zhang He Miao - BEng I

Poon Grace Yen Yen - (MBBS) V

Yim Hiu Ching Kristy - (MBBS) IV

Yau Suk Woon Kathy - (MBBS) II

Chan Yin Hang - (MBBS) II

Leung Daniel - (MBBS) I

Cheng Yum Hung Fredrick - (MBBS) I

Mok Elite - BNurs V

Chan Ching Yi Jenny - (BDS) IV

Wong Wai Yu - BA&LLB V

Chan Heung Sing - BA(Conservation) IV

Tsang Hau Tung Hayley - (BDS) IV
