Academic Advisory Committee

| Students concerned | Teacher-in-charge | | Contacts |
|--------------------|-------------------|--|----------------------------------|
| Year 4 or above | Dr. K.H. Law | | <u>adalaw@hku.hk</u> HW5-26 |
| Year 3 | Dr. T.F.M Chui | | <u>maychui@hku.hk</u> HW 6-24 |
| Year 2 | Dr. C.P. Wong | | <u>cpwryan@hku.hk</u> HW 6-19 |
| General matters | Dr. S.H. Cheung | | jhcheung@hku.hk HW 5-23 |

Online Course Selection

(<u>http://aao.hku.hk/sy3/plan-of-study/important-</u> <u>academic-dates/</u>)

| Date & Time | Action | |
|---------------------------------|---|--|
| <u>A. First Semester (2023)</u> | | |
| 24 Jul (Mon) 10 am | System open to preview available courses | |
| 2 Aug (Wed): | | |
| 10 am – Yr. 4 or above | Course selection available for students | |
| 12 pm –Yr. 3 | Course selection available for students | |
| 2 pm –Yr. 2 | | |
| 3 Aug (Thu) 9 am - 2:30 pm | Suspension period | |
| 8 Aug (Tue) 4 pm | System closed | |
| After 8 Aug (Tue) 4 pm | Students will not be allowed to make any changes to their course selection until the add/drop period. | |

Note: Students can enroll the second semester courses **10 MINUTES LATER**.

| Date & Time | Action |
|---|---|
| <u> A. First Semester (2023) – Cont'</u> | |
| 31 Aug (Thu): 12 pm – Yr. 2 2 pm – Yr. 3 4 pm – Yr. 4 or above | Add/drop period starts. |
| 1 Sep (Fri) 12 pm – 5 pm | Suspension period |
| 14 Sep (Thu) 4 pm | System closed. Add/drop period ends. |
| After 14 Sep (Thu) 4 pm | Students will not be allowed to make any changes to their course selection. |

Note: Students can enroll the second semester courses in the first semester add/drop period.

| Date & Time | Action |
|---|---|
| <u>B. Second Semester (2024)</u> | |
| 15 Jan (Mon): 12 pm – Yr. 2 2 pm – Yr. 3 4 pm – Yr. 4 or above | Add/drop period starts. |
| 16 Jan (Tue) 12 pm – 5 pm | Suspension period |
| 29 Jan (Mon) 4 pm | System closed. Add/drop period ends. |
| After 29 Jan (Mon) 4 pm | Students will not be allowed to make any changes to their course selection. |

Note: Students can enroll the summer semester courses in the second semester add/drop period.

| Date & Time | Action |
|----------------------------------|---|
| <u>C. Summer Semester (2024)</u> | |
| 11 Jun (Tue) 10 am | Add/drop period starts. |
| 12 Jun (Wed) 12 pm – 5 pm | Suspension period |
| 18 Jun (Tue) 4 pm | System closed. Add/drop period ends. |
| After 18 Jun (Tue) 4 pm | Students will not be allowed to make any changes to their course selection. |

Enrollment Information

Enrollment Information

THE UNIVERSITY OF HONG KONG FACULTY OF ENGINEERING <u>Course Enrollment Information (2023-2024)</u> <u>BEng in Civil Engineering</u> (For 4-year cohort students admitted in and after 2018)

<u>NOTE</u>

 Softcopy of Course Enrollment Information Sheet: http://www.civil.hku.hk/civil int

ranet/index.html

- Under B. Eng. \rightarrow Enrollment
- The above sheet is for information only, students are required to *do the course enrollment ONLINE*.

- 1. Students shall normally select not less than 30 and not more than 36 credit-units of courses in each semester, unless otherwise permitted or required by the Board of the Faculty (via the Department).
- 2. Subjected to having a satisfactory academic progress, students may be allowed to take more credit-units. Anyhow, the maximum credit-units of courses in each semester should not exceed the following limits.

| Programme | Year 1 - 4 |
|------------------------|-----------------|
| CivE | 36 credit-units |
| CivE w/Minor, CivE-BBA | 36 credit-units |

- 3. Students who have overloaded in preceding semesters will be allowed to reduce the load by up to the equivalent numbers of credit-units they have passed in excess of the normal load in a subsequent semester without having to seek prior approval.
- 4. Students are not allowed to take any courses with timetable clashes. Please check with the timetable before entering data in the online enrolment system.
- 5. Students are required to check with any pre-requisite requirements for the courses to be enrolled.

| | Course Code | Course Title | Pre-requisite |
|---|---------------------|---|-----------------------|
| | CIME2101 | Water and air quality: concepts and measurement | CIVL1105 |
| 1 | CVI 113 CVI 2 03 | Engineering mechanics and materials | ENGG1300 |
| | CN 2 03 | In tid in schanics | ENGG1350 |
| | CIVL2104 | Polic in echanics Hydrau fills a hydr to y | CIVL2103 |
| | CIVL2106 | Soil mechanics | CIVEH113 |
| | CIVL2112 | Structural analysis | CIVL1113 |
| | CIVL2113 | Structural design | CVL104 |
| | CIVL3106 | Engineering hydraulics | C VL/104 |
| | CIVL3107 | Environmental impact assessment of civil engineering | CIVL1105 and CIVL 103 |
| | | projects | |
| | CIVL3108 | Foundation engineering | CIVL2102 and CIVL2106 |
| | CIVL3111 | Wastewater treatment | CIVL1105 and CIVL2103 |
| | CIVL3112 | Prestressed concrete structures | CIVL2113 |
| | CIVL3114 | Slope engineering | CIVL2102 and CIVL2106 |
| | CIVL3116 | Steel structures | CIVL2113 |
| | CIVL3120 | Transportation infrastructures engineering | CIVL2111 |
| | CIVL3121 | Water resources engineering | CIVL1105 and CIVL2103 |
| | CIVL3122 | Wind engineering | CIVL2103 |
| | CIVL3126 | Engineering practice in Mainland China | CIVL2113 |
| | CIVL3128 | Structural dynamics and earthquake engineering | CIVL2113 |
| | CIVL3129 | Numerical analysis in geotechnical engineering | CIVL2106 |
| | CIVL3130 | Structural fire engineering | CIVL2113 |
| | CIVL3131 | Earth retaining system | CIVL2106 |
| | CIVL3132 | Geotechnical testing, instrumentation and monitoring | CIVL2106 |
| | CIVL3133 | Ground improvement | CIVL2106 |
| | CIVL3134 | Environmental geotechnology | CIVL2106 |
| | CIVL3135 | Advanced structural analysis | CIVL2112 |
| | CIVL3138 | Advanced theory and design of structures | CIVL2113 |
| | CIVL3139 | Building information modelling (BIM) management for civil engineering | CIVL1115 |

6. New Year 1 students are not encouraged to take any Advanced Core Courses, Capstone Experience Course or Discipline Elective Courses specified in Sections 2B, 2C, 3A, and 3B.

Department of Civil Engineering

- Maximum study load = 36 credits in one semester; *AND*
- Maximum study load = 72 credits in one academic year, including summer semester (according to UG4: <u>https://www4.hku.hk/pubunit/drcd/files/ugdr2021-</u> 22/first-degree.pdf)
- Unused credits shall NOT be carried forward to the next semester,
 i.e. Sem. 1 = 30 and Sem. 2 = 42 is NOT acceptable.
- Minimum study load = 24 credits per semester

 (except summer semester and in the last semester of study when the number of
 outstanding credits required to complete the curriculum requirements is fewer
 than 24 credits.)
- For retaking courses, the credits will be counted and the above rules MUST be satisfied.

- For students who are admitted in and after 2018-19, note the change of credits in
 CIVL2114 Internship 0 credits
- CIVL4101 Capstone Design Project and CIVL4102 Project are full-year courses. The course loading is spread evenly between the 2 semesters, i.e.
 - Semester 1: CIVL4101 3 credits & CIVL4102 6 credits
 - ➢ Semester 2: CIVL4101 − 3 credits & CIVL4102 − 6 credits

- Students who are admitted before 2018-19 MUST reserve 6 credits for CIVL2109 Internship in summer semester.
 - e.g. 1st Sem.: 30 credits, 2nd Sem.: 36 credits, Summer Sem.: 6 credits; OR
 1st Sem.: 36 credits, 2nd Sem.: 30 credits, Summer Sem.: 6 credits; OR
 1st Sem.: 33 credits, 2nd Sem.: 33 credits, Summer Sem.: 6 credits
 - <u>Note</u>: If total credits of 1st & 2nd semesters exceed 72, students are **NOT** allowed to take Internship in the same academic year.

 \rightarrow graduate later & delay the Chartership Exam!

• The Department may cancel the sub-class/elective course if the class size is too small. You will be informed of the change of sub-class by email if your originally enrolled sub-class is cancelled. Please take note of this especially for courses with laboratory sessions.

Graduation Criteria

Syllabus

Examples of structured programmes are available here:

http://engg.hku.hk/home /syllabuses.htm

CIVIL ENGINEERING

SYLLABUS

The syllabus applies to students admitted in the academic year 2018-19 and thereafter under the fouryear curriculum.

Curriculum

The Curriculum comprises 240 credits of courses as follows:

Engineering Core Courses Students are required to complete at least 42 credits of Engineering Core Courses.

Discipline Core Courses

Students are required to complete ALL discipline core courses (78 credits), comprising 24 credits of introductory core courses and 54 credits of advanced core courses.

Discipline Elective Courses

Students are required to complete at least 36 credits of advanced discipline elective courses offered by the Department of Civil Engineering.

Elective Courses

Students are required to complete 18 credits of elective course(s) offered by either the Department of Civil Engineering, or other departments within or outside of the Faculty of Engineering.

University Requirements

Students are required to complete:

- a) 12 credits in English language enhancement, including 6 credits in "CAES1000 Core University English" and 6 credits in "CAES9540 Technical English for Civil Engineering";
- b) 6 credits in Chinese language enhancement course "CENG9001 Practical Chinese for engineering students"; and
- c) 36 credits of courses in the Common Core Curriculum, comprising at least one and not more than two courses from each Area of Inquiry with not more than 24 credits of courses being selected within one academic year except where candidates are required to make up for failed credits.

Capstone Experience

Students are required to complete the 12-credit "CIVL4102 Project" to fulfill the capstone experience requirement for the degree of BEng in Civil Engineering.

Internship

Students are required to complete the non-credit bearing internship "CIVL2114 Internship", which normally takes place after their third year of study.

6/0

SECOND AND THIRD YEARS

Introductory Discipline Core Courses (24 credits)

| CIVL1105 | Environmental engineering | 6 |
|---------------|---|---|
| CIVL1113 | Engineering mechanics & materials (pre-requisite: ENGG1300) | 6 |
| CIVL1115 | Civil engineering informatics | 6 |
| MECH2407 | Multivariable calculus and partial differential equations | 6 |
| Advanced Disc | cipline Core Courses (48 credits) | |
| CIVL2102 | Engineering geology and rock mechanics | 6 |
| CIVL2103 | Fluid mechanics (pre-requisite: ENGG1350) | 6 |
| CIVL2104 | Hydraulics and hydrology (pre-requisite: CIVL2103) | 6 |
| CIVL2106 | Soil mechanics (pre-requisite: CIVL1113) | 6 |
| CIVL2108 | Principles of civil engineering management | 6 |
| CIVL2111 | Transportation engineering | 6 |
| CIVL2112 | Structural analysis (pre-requisite: CIVL1113) | 6 |
| CIVL2113 | Structural design (pre-requisite: CIVL2112) | 6 |

Discipline Elective Courses (18 Credits)

(Note that pre-requisite is required for some courses. Please refer to the course description 18 for individual courses)

University Requirements (UG5) (30 credits)

17

| CENG9001 | Practical Chinese for engineering students (This course should be enrolled | 6 |
|----------|--|----|
| | in the third year) | |
| CC##XXXX | Four Common Core Courses | 24 |

Internship (Admitted before 2018-19: 6 credits; admitted in and after 2018-19: 0 credits) CIVL2109/CIVL2114 Internship

FOURTH YEAR

Advanced Discipline Core Courses (6 credits)

CIVL4101 Capstone design project (This course must be enrolled in the fourth year)

Discipline Elective Courses (18 credits)

(Note that pre-requisite is required for some courses. Please refer to the course descriptions for individual courses)

Capstone Experience (12 credits)

CIVL4102 Project (This course must be enrolled in the fourth year)

University Requirements (UG5) (6 credits)

CAES9540 Technical English for Civil Engineering (This course should be enrolled in the fourth year)

Elective Courses (18 credits)

(Note that pre-requisite is required for some courses. Please refer to the course descriptions for individual courses)

Graduation Criteria

in SIS system.

• Apply for "Degree audit Report"

or "Academic Attainment Profile"

Bachelor of Engineering in Civil Engineering BEng(CivE)

Important:

This Degree Audit Report is for your reference only. It is not an official transcript. Your eligibility to graduate is determined by the Board of Examiners in accordance with the relevant regulations, and not by this report.

- Students can access the "Degree Audit System" via HKU Portal.
 Navigation:

Requirements from HKIE

There are 12 programme outcomes:

- (a) an ability to apply knowledge of mathematics, science, and engineering appropriate to the degree discipline
- (b) an ability to design and conduct experiments, as well as to analyse and interpret data
- (c) an ability to design a system, component or process to meet desired needs within realistic constraints, such as economic, environmental, social, political, ethical, health and safety, manufacturability / buildability and sustainability
- (d) an ability to function on multi-disciplinary teams
- (e) an ability to identify, formulate and solve engineering problems
- (f) an ability to understand professional and ethical responsibility

(g) an ability to communicate effectively

- (h) an ability to understand the impact of engineering solutions in a global and societal context, especially the importance of health, safety and environmental considerations to both workers and the general public
- (i) an ability to stay abreast of contemporary issues
- (j) an ability to recognise the need for, and to engage in life-long learning
- (k) an ability to use the techniques, skills, and modern engineering tools necessary for engineering practice appropriate to the degree discipline
- an ability to use the computer/IT tools relevant to the discipline along with an understanding of their processes and limitations

- BEng (Hons) Degree in Civil Engineering (including the programme under the double degree in BEng/BBA) is eligible for Scheme "A" in Civil, Geotechnical and Structural Disciplines.
- BEng (Hons) Degree in Civil Engineering (including the programme under the double degree in BEng/BBA) is eligible for Scheme "A" in Environmental Discipline on the condition that the graduate must have taken 2 elective courses from either 2 of the following 3 categories:
 - Either CIVL3111 Wastewater Treatment OR CIVL3121 Water Resources Engineering
 - CIVL3107 Environmental Impact Assessment of Civil Engineering Projects
 - CIVL3115 Solid and Hazardous Waste Management

- BEng (Hons) Degree in Civil Engineering (including the programme under the double degree in BEng/BBA) is eligible for Scheme "A" in Logistics & Transportation Discipline on the condition that the graduate must have taken any 2 of the following courses:
 - CIVL2111 Transportation Engineering
 - CIVL3119 Traffic Engineering
 - CIVL3120 Transportation Infrastructure Engineering

Disciplinary Elective Courses offered in 2023-24

| Course Code | Course Name | Course Teacher(s) | Semester |
|----------------|--|------------------------------|----------|
| CIVL3112 | Prestressed concrete structures | Dr. JJ Wang | 1 |
| CIVL3122 | Wind engineering | Dr. XW Deng | 1 |
| CIVL3128 | Structural dynamics and earthquake engineering | Dr. RKL Su | 1 |
| CIVL3101 | Advanced engineering mechanics | Dr. SH Cheung | 2 |
| CIVL3116 | Steel structures | Ms. MM Tong & Dr. N Yeung | 2 |
| CIVL3138 | Advanced theory and design of structures (Originally CIVL3118 Theory and design of structures III) | Dr. KH Law & Dr. HL Ye | 2 |

Geotechnical Engineering

| Course Code | Course Name | Course Teacher(s) | Semester |
|----------------|---|--------------------------|----------|
| CIVL3129 | Numerical analysis in geotechnical engineering | Dr. CY Kwok | 1 |
| CIVL3133 | Ground improvement | Dr. CE Choi | 1 |
| CIVL3131 | Earth retaining system | Dr. HN Wong | 1 |
| CIVL3108 | Foundation engineering | Prof. QZQ Yue | 1 & 2 |
| CIVL3114 | Slope engineering | Dr. CE Choi | 2 |
| CIVL3132 | Geotechnical testing instrumentation and monitoring | Dr. CY Kwok | 2 |
| CIVL3134 | Environmental geotechnology | Dr. MM Hu | 2 |

| Course Code | Course Name | Course Teacher(s) | Semester |
|----------------|--|--|----------|
| CIVL3106 | Engineering hydraulics | Dr. MF Guan, Dr. KM Lam & a part-time teacher | 1 |
| CIVL3107 | Environmental impact assessment of civil engineering projects | Part-time teachers | 1 |
| CIVL3115 | Solid and hazardous waste management | Prof. K Shih & a part-time teacher | 2 |
| CIVL3121 | Water resources engineering | Part-time teachers | 2 |

Transportation Engineering & Project Management

Guidelines for Course Enrollment

| Course Code | Course Name | Course Teacher(s) | Semester |
|----------------|---|-----------------------------------|----------|
| CIVL3119 | Traffic engineering | Prof. SC Wong & Prof. WY Szeto | 1 |
| CIVL3125 | Law for civil engineers | Part-time teachers | 1 |
| CIVL3103 | Construction project management | Dr. C Leung | 1 & 2 |
| CIVL3120 | Transportation infrastructure engineering | Prof. CK Mak & part-time teachers | 2 |
| CIVL3139 | Building information modelling (BIM) management for civil engineering | A Part-time teacher | 2 |
| CIVL3140 | Artificial intelligence in Civil Engineering | Dr. JT Ke | 2 |

Other Points to Note

- Rule for supplementary exams:
 - If students are sick with med. cert. and cannot attend exam, they are allowed to take supplementary exam arranged in the same semester.
 - If students are absent in supplementary exams, they are required to retake the whole course even if they have med. cert.
- Students who have showed up in the exam are NOT allowed to take supplementary exam even if they have med. cert.
- For final year students, please note that since the results of supplementary exam for courses in the first semester will be released after add/drop period of second semester, you are suggested to enrol the course first. If you got a pass, enrollment tutors can help you drop the course.

- Year 3 students with advanced standing are allowed to take both CIVL4101 Capstone Design Project and CIVL4102 Project for earlier graduation. Please talk to the enrollment tutor about your study plan to get the approval since only Year 4 students are allowed to enroll these two courses in SIS.
- Even if you have assigned a project topic for CIVL4102 Project, you have to enroll the course yourself in SIS.
- "Green Card" Safety course is COMPULSORY and passing the course will be one of the assessment requirements under the course CIVL2114 Internship.

END
