

## The first project meeting with the new comers!

Samson Pung

"Let the spirit of Project Mingde remain ablaze." said by Dr. George Wong in the video of 13<sup>th</sup> trip to Dabao Village. To ensure the continuity of the project, we have recruited over 30 students from various disciplines of the 4-year curriculum and the majority of them had attended the briefing session conducted by the Dr. George Wong and two guests from the Faculty of Architecture, Johnny Cullinan and Shivina Harjani, on 23 April 2014. New projects were introduced to our new members and which brought insights into how Architects and Engineers work together. Looking forward to working with new bloods!
